

MonsterGov Solutions for Workforce Boards

MonsterGov works with workforce boards and state workforce agencies to effectively meet Workforce Innovation and Opportunity Act (WIOA) requirements, better engage employers, and diligently serve job seekers. MonsterGov has the tools to help workforce boards serve youth, veterans, adults, dislocated workers, underemployed, and employers.

Administer Local Workforce Programs with MonsterWorks Case Management

The MonsterWorks Case Management platform empowers workforce boards to maintain a holistic view of individuals, while easily administering local programs needed to serve job seekers, employers, and entire communities. Our modern and easy-to-use case management system allows workforce boards to spend less time on paperwork and more time working with their customers - and ultimately, meet workforce goals better, faster, and more effectively.

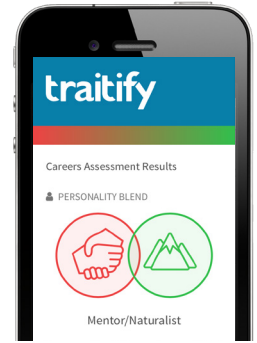

Transform the Way Job Seekers and Employers Connect with MonsterWorks

MonsterWorks is a labor exchange and case management platform that integrates online, on-demand tools with one-to-one services. It allows state governments and workforce boards to better connect employers and job seekers, as well as enable them to better serve clients and meet WIOA requirements. The platform delivers the tools and resources job seekers need to explore jobs and improve their lives, while employers receive access to Monster's resume database and recruiting platform technology to find the best candidates faster.

Help Job Seekers Make Career Decisions with Traitify

Traitify is a visually engaging and fun online personality assessment tool that can match individuals with careers and jobs. It provides a visual breakdown of their personality types, including a blend of strengths, the type of people they work well with, the best work environment, and the best career matches. All it takes is two minutes for Traitify to engage a variety of job seekers — from youth to seniors, as well as students in secondary and post-secondary education. Traitify is mobile-friendly and customizable to align with the workforce board's branding, audiences, focus, and structure.

Connect Job Seekers to Qualified Training Programs with the Monster Eligible Training Provider Platform

Under WIOA, states are required to provide job seekers with an Eligible Training Provider List (ETPL), an online record of certified training programs that meet state training requirements. MonsterGov provides an easy-to-use portal for workforce boards to coordinate this service with the Monster Eligible Training Provider Platform. It serves as a single, accessible platform for training providers, staff, and job seekers to submit, approve, compare, and search for training programs.

Search all eligible training programs

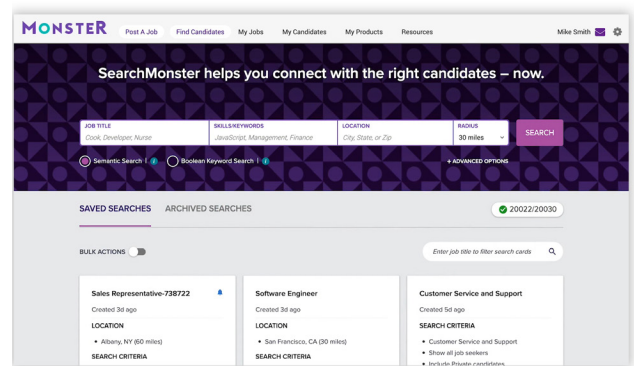

Search programs Program name or keywords

☒ Carpentry ☒ Plumber ☒ Woodcutting

Carpentry Degree/Certificate: Certificate Funding source: Workforce Training Fund Location: Boston 02117 Duration: 2/12/2018 - 8/19/2020 Provider: Carpenters Institute	<input checked="" type="button" value="Compare up to 4"/>
Plumber Degree/Certificate: License Funding source: Section 30 Location: Seattle 98104 Duration: 5/1/2018 - 5/1/2020 Provider: The Technical Institute	<input checked="" type="button" value="Compare up to 4"/>
Woodcutting Degree/Certificate: Certificate Funding source: Workforce Training Fund Express Program Location: Seattle 98104 Duration: 9/1/2018 - 4/1/2019 Provider: Woodcutters	<input checked="" type="button" value="Compare up to 4"/>

Match People to Jobs Faster with SearchMonster

SearchMonster enables workforce boards to launch deep searches across millions of resumes in Monster's database to find the right candidates for their employer clients. SearchMonster takes a more advanced approach to finding qualified candidates. It combines Monster's resume database with advanced search technology so that workforce boards can pinpoint the most relevant candidates with the least amount of effort for their employer client.

Easily Promote Open Positions with Monster Job Ads

Improve business services for employers by notifying job seekers — from across the country — of job openings using Monster Job Ads. When a job ad is posted with Monster, the ad reaches target candidates wherever they may live — locally, on Monster, on other job sites, on social media channels, and on mobile devices.

MonsterGov has solutions to get fast, easy access to the right tools to serve job seekers and engage employers.
